

Our juniors are very social and very supportive of each other and any new junior members. They can play 7 days a week, with each other or with other members. They play in all major events, members events and specific junior events. Ashlar encourages juniors to play to the level of competition they want to and many of our juniors participate in JNJG events as well as other club events.

At Ashlar we have had juniors represent the club at Major Pennant level, Eric Apperley Shield, Junior Pennants and Encourage Shield level. They have the chance to progress through these levels as they improve their golfing ability and show team commitment and support of others.

If you are interested in becoming a Junior member of Ashlar Golf Club there is criteria depending on age and golfing ability.
